PROJECTS

JHPAINTMASTER AUTOMOBILE SERVICES BOOKING SYSTEM

2024

CAPSTONE PROJECT

Developed a web-based application for J&H Paintmaster to streamline automobile service bookings. The system enables users to book services, manage schedules, and track their orders efficiently.

HIGHLIGHTS:

- Integrated secure online payment options using PayMongo, enabling seamless transactions.
- Developed SMS notifications with Twilio and email alerts via Gmail SMTP to keep users informed in real-time.
- Implemented Pusher to provide a real-time chat feature for communication between users and technicians.

WATTODO

2024

INDEPENDENT PROJECT

Developed a web-based to-do list application designed to help users efficiently manage and organize their tasks through a simple and user-friendly interface.

HIGHLIGHTS:

- Developed a dynamic dashboard for task management, offering an intuitive user interface and seamless navigation
- Utilized jQuery's AJAX to enable real-time updates and smooth interactions without requiring page reloads.

WORK EXPERIENCES

KAPWA MARKETING

June 2025 - Present

JUNIOR WEB DEVELOPER

HIGHLIGHTS:

- Implemented technical SEO best practices to improve site structure and crawlability.
- Conducted website audits focusing on performance, accessibility, and SEO issues.
- Managed version control and deployment using Git.
- Developed and maintained responsive websites using React, Next.js, and WordPress.
